The mountain chalet located in the loop of Nogentil in Courchevel 1850, is a Savoyard chalet ideally facing south which gives it an exceptional view and brings light in. This chalet has a privileged location close to the chairlifts and ski lifts of Pralong and the slopes of Bellecôte, Pralong and Cospillot. It's ideal if you want to be the first at the top.

The decoration of this wonderful traditional wooden **mountain chalet** surprises: when we enter the chalet we expect a traditional rustic atmosphere with massive and imposing furniture and parts darkened by excess of wood. However, it is quite the contrary: it breaks with the traditional codes. Its decoration is very refined: the materials used are a subtle blend of light wood, wicker, leather, linen or even copper. Light enters naturally through the many openings of the chalet. The white walls reflect the sunlight on different pieces of furniture and decoration of the chalet which makes the atmosphere naturally cheerful and warm.

The living room is conducive to long evenings with the family around the magnificent stone fireplace and copper hood, unique in Courchevel. The dining room with its large wooden table for twelve guests, is the image of this **traditional chalet**, welcoming and friendly. It provides access to a beautiful terrace with **mountain views** and fir trees.

This unusual mountain chalet has six en-suite bedrooms and can accommodate up to twelve people. Its level of equipment is worthy of the finest hotels with its private ski room, sauna, Jacuzzi, fitness centre and an elevator.

The chalet is a nice and cozy mountain chalet , ideal for families wishing to enjoy the slopes of the largest skiing area in the world.
