Meribel, France

Sleeps 15 / 8 bedrooms

The Residence, is situated right in the heart of Meribel les Allues, a charming alpine village setting.

It's just 5 minutes to the ski lift, giving easy access to the slopes of Meribel, and the extensive 3 Valleys Ski Area. It is built in traditional mountain style and has eight good sized bedrooms, all en-suite.

The size and location of this Residence make it a rare find, and very popular with groups of friends, couples or several families traveling together.

A central village location gives direct access to local amenities: ski hire, mini supermarket & boulangerie, ski school office, restaurants & bars are right on your doorstep, within the Residence, making it a very practical choice for those looking to make the most of everything at your fingertips.

The lounge areas and dining room have plenty of comfy sofas, an open log fire and doors out to the balconies giving pretty village views. Depending on the aspect, you can enjoy scenic views right down over the valley, or up towards the ski area.

All eight bedrooms have a nice, alpine feel, full en-suite bathrooms (Full bath with hand held shower attachment) and balcony. The jacuzzi room provides a place for you to recuperate after a day on the slopes, before relaxing in front of the fire.

The dining room has a second sitting area to curl up and relax in, with TV and DVD player. This also works very well to provide extra space to spread out or for a family group as a children's play area.

The apartment is 'just right' for large groups to enjoy a fantastic holiday in the 'hustle & bustle' of one of the world's largest ski resorts. It represents an affordable base in a top ski destination.

Some of properties can accommodate extra beds.
